\$1.00 PER YEAR

## LOCALETS

The Consolidated School District meeting on Saturday was the most peaceable on record. The financial statement was slightly considered and very little comment indulged in over any of the affairs. In the elections Deepwater division returned Thos. Chapman by acclamation, in place of Gordon Elliott, retired. In Dufferin a contest between W. A. Teskey and R. L. King resulted in W. A. Teskey being returned by a vote of 17-9. There are 100 children on the roll, and the cost of operation for 1922 was \$7318.93, or \$4156.27 less than 1921. This was principally due to the withdrawal of the vans. The Press finds that the 1922 tax levy was \$2113.52 more than the cost of operation for that year and feels that this is too much of a burden to impose on the people who pay. There is now enough surplus in tax arrears to take care of any possible shortage that might occur in estimating too fine on actual requirements.

Miss Lydia Kalvin, teacher of the Midway school, was among those injured in the Bassano railway wreck, and has been confined to the hospital since.

O. L. McPherson, M.L.A., met a large attendance when he spoke at Lomond. The speaker took the people into his confidence in discussing the affairs of the province. The Press will discuss the situation in detail in the next issue. The U.F.W. A. ladies held a very pleasant dance afterwards, as usual, serving a big feed for the occasion.

An Armada reader brings to our attention the fact that that district was not behind in the holding of a Christmas Tree for the children out there. In that district there are between eighty and ninety children for Santa Claus to take care of and not one was overlooked. The ladies met and made various animals and toys and helped generally in making the affair the success it was.

It is not thought likely that either Piccareillo or Mrs. Lassandro will receive any commutation on their death sentence.

The Edmonton postmaster has been arrested for stealing fifty thousand dollars from the registered mail—in 1919.

H. A. Sinnott, barrister, and for two terms mayor of Calgary

when he was then reputed to worth a quarter of a million, was sentenced to seven years in the penitentiary for converting to his own use about three thousand dollars of funds entrusted to him for investment.

## Badger Lake

Under the auspices of the Badger Lake U.F.A. a whist drive was held in the First Chance school house on Thursday, Jan. 6th. Seven tables were occupied in the drive and there were about forty present. Mrs. Broome won the premier honours among the ladies and E. G. Haley among the men. The lady's prize was a brown betty tea pot and the gentleman's prize a pound of chocolates. Booby "honours" were divided between Myrtle Thompson and Laurence Durand, the prizes, as usual, being fun raisers.

The newly elected officers of the Badger Lake Local U.F.A. are as follows:

President, Arthur Hartley.  
Vice President, Geo. Mellen.  
Secretary-Treasurer, F. Metcalf.  
Executive Committee—E. G. Haley,

Geo. Whitley, Tom Teasdale and Frank Stephens.

Director for District Association—Frank Stephens.

The Durand and McAllister families each celebrated with card parties during the holiday week.

D. A. Wilkinson is home from Lethbridge where he had been working for

a couple of months.

The U.F.W.A. held a very enjoyable dance on Dec. 29th and the Juniors held one also on the 12th.

Rev. F. Forster of Lomond paid a very welcome visit to the Badger Lake U.F.A. on Thursday evening, speaking in defense of the U. F. A. as an organization for farming people.

FOR THE PRINCE OF WALES' RANCH.

HERE'S the grand champion Shropshire ram bought for \$500 by the Prince of Wales at the recent International Live Stock Exposition, Chicago for the "E. P. Ranch" covering about 3,000 acres in Alberta, Canada, 60 miles south of Calgary, owned by the Prince of Wales, and which will be the future home of the great Shropshire sire. The Prince signs himself

"E. P.", meaning "Edward Prince," and when he bought the ranch during his tour of Canada he rode the range of his prairie "dominion beyond the seas," with the Alberta cowboys, and decided that its proper moniker was "E. P. Ranch." Since then the Prince has sent a large flock of Shropshire sheep, Dartmoor ponies, thoroughbred fillies descended from Ormonde, St. Simon and Bend Or and shorthorn bulls

and cows from his Cornwall, England, stock farm to the Alberta ranch. The purchase of the Shropshire grand champion was made by the Prince's representative, Prof. W. L. Carlyle of Calgary, who attended the Chicago Exposition in quest of the best Shropshire ram exhibited. This ram, which weighs 250 pounds, was exhibited by J. C. Andrews, West Point, Ind., a director of the International.

Born, at Lomond, on Tuesday, January 9th, to Mr. and Mrs. Geo. C. Graham, a daughter.

H. E. Elves is laid up for a few days with an injured leg. Mrs. Elves was backing the car out of the garage and he was in act of jumping on the fender when he lost his footing and car backed over one leg, the pull of the wheel causing quite a painful injury.

Mrs. Dilley is in the hospital at Medicine Hat undergoing surgical treatment, and at the same time George Dilley is quite ill with tonsillitis.

Mrs. Forster entertained the primary class of the Sunday School at a tea party on Friday afternoon, some twenty odd being present. Games and supper and more games kept the kiddies going until the "sand man" came along and took charge. Mrs. Clements, the primary class teacher, assisted in the entertainment.

Mrs. Adams has been quite ill for some time.

J. C. Watson, who went to Ontario about a month ago, arrived back in Lomond on Saturday morning.

J. C. Jensen underwent an operation in the Lethbridge hospital on Tuesday to get relief from a case of cancer in the stomach. Latest reports acclaim his condition as favorable.

The Lomond U. F. A. underwent its annual renovation on Saturday afternoon at the meeting held in the church. H. Rowe and F. Forster were returned to their respective offices as president and secretary. E. Benson was elected vice-president, while H. West, S. Sealock and S. E. Armstrong were elected to the executive committee. Owing to the lack of funds no delegation was appointed to attend the annual convention in Calgary.

The Alberta legislature will open January 23rd.

The little daughter of Mr. and Mrs. August Huff was taken to the Medicine Hat hospital on Saturday to undergo an operation for appendicitis.

Wm. Brotherhood, who has been working in the mines at Diamond City, has returned with his family to his farm north of town.

Judging from remarks in the neighboring exchanges, the co-operative marking of turkeys and other poultry encouraged by the provincial department

of agriculture, it meant many thousands of dollars difference to the growers, over what they would have been forced to take from the Western jobber markets.

Jos. Rodgers took his little daughter to Calgary last week for an examination under an X-ray machine. The little girl had accidentally swallowed a ten cent piece and it was feared serious results might follow.

Mrs. Paton entertained a few friends on Wednesday evening of last week, it being the occas-

ion of her twenty-fifth wedding anniversary. She was the recipient of a very pretty collection of silverware from numerous friends.

It makes the old timers dig to the roots of their to recall a winter with so little snow fall and cold weather as we have experienced this winter. Pa Dobson is beginning to worry over the scant prospects of getting a supply of water behind his dam. It has been easy on hay and coal. Winnipeg reports already the presence of robins, but sometimes even the birds get foolish and start in prophesying weather.

## CRUISING IN THE WEST INDIES.

(1)—Empress of Britain at St. Pierre, of Martinique, the scene of the volcanic eruption in 1902, when 30,000 people lost their lives. The path shown was once a busy street. (2)—Headquarter Palace of Cuban Republic, Havana. (3)—Statue of Empress Josephine, first wife of Napoleon, on Martinique Island, West Indies. (4)—Morro Castle, Santiago, Cuba.

SINCE ocean liners have been made as comfortable as the best city hotels, cruising has become very attractive to those seeking a rest. The luxury of the ship, the fresh sea breezes, the trips ashore at the places visited, the making of new acquaintances, the experiences gained only by travel make an ocean cruise an incomparable delight.

In former winters many Canadians and Americans escaped from the severity of the home winter by taking sea cruises. Cruises to the West Indies are very popular, not only on account of the mildness of the climate and the beauty of the scenery, but because of the romantic history attached to these places. In the seventeenth century the West Indies were the headquarters of large numbers of British pirates who preyed on Spanish trading ships. These pirates were in a large way responsible for destroying the commerce of Spain. A few of the interesting sights of the West Indies are banana plantations, mahogany groves, sponge fishing fleets, and woods of cocoanut palm trees.

Two cruises to the West Indies, and islands of the Spanish Main, Panama and Venezuela, will be made by the Empress of Britain this winter. The many special features that contributed last winter to the success of these Canadian Pacific cruises have been retain-

ed and new ones added. The Empress of Britain was again selected by the Canadian Pacific for the cruises to the West Indies by reason of her great popularity as a luxurious ocean liner of the most modern and comfortable type and size, being of 22,200 tons displacement. The Empress of Britain is also the only steamship making cruises to the West Indies burning fuel oil. This outstanding feature appeals to passengers who have travelled in the Tropics as coaling or shifting coal at the various ports is eliminated and passengers are assured of spotless promenade and open spaces, with no noise, dirt or cinders.

The Empress of Britain is devoted entirely to the purposes of the cruises, and no cargo is carried. In addition to the comforts to be found usually at only the best hotels ashore, the food and service are of Canadian Pacific standard. The passenger accommodation is most attractive, and not more than two persons are booked in a room unless it is desired to accommodate a family party. Those who desire to travel alone will find a good proportion of single cabins. Other attractions include a gymnasium, swimming pool, verandah cafes and large decks for games and dancing. An augmented professional orchestra is carried for concerts and dancing.

The itinerary of the first cruise, starting from New York on January

20th, includes the following ports of call: Havana, Cuba; Port Antonio, Jamaica; Kingston, Jamaica; Colon, Panama; La Guayra, Venezuela; Port of Spain, Trinidad; La Brea Point, Trinidad; Bridgetown, Barbados; Fort de France, Martinique; St. Pierre, Martinique; San Juan, Porto Rico; Nassau, Bahamas; returning to New York, covering a distance of over six thousand miles during the 27 days of the cruise. The second cruise will start from New York on February 20th, and will be similar in most details to the schedule of the first cruise, Hamilton, Bermuda, being substituted as the final port of call.

There are excursions ashore at the various ports, conducted by representatives of the Canadian Pacific, allowing unusual opportunities for visiting every possible point of interest during each cruise. Two days will be spent ashore at Havana and two days in Jamaica, including trips to many nearby points. An additional day is provided this year at Panama and a journey will be made from Colon through the Culebra Cut to Pedro Miguel, Panama City and Balboa. In Venezuela the trip includes one of the most fascinating rides in the world from the port of La Guayra to Caracas, the capital, 3,000 feet above the Caribbean Sea. Port Antonio, one of the prettiest spots in Jamaica, has been included in the itinerary this year.
